## WORK EXPERIENCE-----

Beatusmos | Turkey

2022-

*Software Development Lead and Co-Founder*

- Developed a chat application enabling automatic language detection and translation for guests to communicate with reception in their native languages.
- Took charge of both backend and frontend development single-handedly.
- Technologies used: Node.js, MongoDB, Socket.io, React (Next.js), NextAuth.js, Tailwind CSS.
- Ensured the reliability, performance, and scalability of the application.
- Continuously enhanced the application by adding new features and keeping it up-to-date.

Sultan Abdulhamit Han Training & Research Hospital | Turkey

09/2021 - 07/2022

*Microbiologist*

- Cultivation of samples from patients.
- Antibigram for bacterial identification and measurement of various antibiotic resistances
- Parasite research in stool samples
- Gram stain for bacterial identification

## PROJECT'S -----

Evently

- Tech Stack: Next.js, Typescript, MongoDB, Stripe
- Project demo link: <https://event-plat-umber.vercel.app/>
- Project GitHub link: [https://github.com/cagridai/event\\_plat](https://github.com/cagridai/event_plat)

OmniFood

- Tech Stack: HTML, CSS, JavaScript
- Project demo link: <https://omnifood-cagri.netlify.app/>
- Project GitHub link: <https://github.com/cagridai/omnifood>

Refine Dashboard

- Tech Stack: Typescript, Refine, GraphQL

- Project demo link: <https://crm-refine-dashboard.vercel.app/>
- Project GitHub link: <https://github.com/cagridai/crm-refine-dashboard>

## TECHNICAL SKILLS -----

### Frontend:

- Strong foundation in HTML, CSS, and JavaScript.
- Proficiency in advanced technologies such as TypeScript and SASS.
- Over 2 years of experience with modern JavaScript libraries and frameworks like React.js and Next.js.
- Sensitivity to UI/UX design and proficiency in utilizing CSS frameworks like Tailwind CSS.
